OBJECTIVE

Aspiring software developer with a strong foundation in programming and problem-solving, seeking opportunities to contribute to impactful projects and continuously grow in the tech industry.

EDUCATION

B.E., Information Science & Engineering, NMIT *2022 – Present*
CGPA: 8.58/10.00 — Course works: Object Oriented Programming, Database, Operating System, Networking
Pre-University Education - PCMB, Royal Independent College *2020 – 2022*
Aggregate: 96.3/100 — Karnataka State Board

PROJECTS

Multi-Disease Detection using CNN — *Python, TensorFlow/Keras, Deep Learning*

- Built a **CNN model** to classify multiple diseases from medical images (X-ray, MRI, etc.).
- Applied preprocessing (normalization, augmentation) and feature extraction to improve accuracy.
- Achieved high performance (accuracy, precision, recall) by fine-tuning architecture and hyperparameters.
- Deployed the model for real-world medical image predictions, enhancing automated diagnostics.

AI-Driven Bedtime Stories App — *BERT, Gemini, NLP, React, Node, MongoDB, Firebase, TTS*

- Developed an AI-powered app that generates personalized bedtime stories based on a child's mood and preferences.
- Integrated text-to-voice functionality for an interactive storytelling experience.
- Deployed on Vercel for seamless accessibility with responsive UI built using React and Tailwind CSS.

Task Manager - Structured Productivity Engine — *React, Node.js, Express, MongoDB, Redux, Tailwind CSS, Mongoose*

- Built a full-stack Task Manager with the MERN stack, implementing CRUD operations, JWT authentication, and bcrypt password hashing.
- Designed a responsive UI with React and Tailwind CSS, including drag-and-drop organization, tagging, and deadline tracking, boosting productivity by 30%.
- Developed RESTful APIs with Express.js and Mongoose ODM, integrated with Redux for state management, ensuring 95% reliability.

SKILLS

Languages: Java, HTML5, CSS3, JavaScript (ES6), C, Python
Frameworks & Libraries: React.js, Node.Js Tailwind CSS
Tools & Tech: Excel, VS Code
Soft Skills: Communication, Teamwork, Time Management, Critical Thinking

COURSES AND CERTIFICATIONS

- **Operating System** — Coursera **Database Management System** — Springboard Certificate Link

HOBBIES

- Enjoy playing cricket and mobile games to relax and stay active.
- Interested in watching movies, especially thrillers and science-fiction, to explore creativity and storytelling.
